

Let There Be Light

Key of E

Dave Mead

Verse 1:

Em
Darkness lay over the deep
C
On the earth, there was nothing to see
Em C
Your spirit waiting for what would be
Em
You alone were from the start
C
Your power made the sun and stars
Em C
And with four words You spoke it to be

Chorus:

C D
Let there be light, let there be light
Em Am
Speak those words across my sky tonight
C D
Let there be light, let there be light
Em Am
Set my heart on fire, break through the darkness in my life

Verse 2:

Em
It was dark inside my soul
C
I'd lost all control
Em C
There was no hope that I could see
Em
You were there like from the start

C
Illuminating my sun and stars
Em C
And these four words You spoke over me

Chorus:

C D
Let there be light, let there be light
Em Am
Speak those words across my sky tonight
C D
Let there be light, let there be light
Em Am
Set my heart on fire, break through the darkness in my life

Bridge:

C D Em C
Whoa.....whoa.....whoa.....
C
Come see His power
D
Light up the sky
Em
We're gonna sing and shout tonight
C
Come see His power
D
Light up the sky
Em Am
We're gonna sing and shout tonight.....
